

Pupil Premium Impact: April 2015-March 2016

£39,985

PP Intervention	Description	Impact	Budget Allocation
After School Clubs	Weekly after school club for all PP children. E.g. Football, Arts and Crafts Club, Film Club	See student survey feedback	£2000
After school crèche	Crèche for parents of children at primary department. (Including children on FSM's).The crèche enables parents with very young children to attend parents evening and parental consultations.	High level of parental engagement with school.	£1000
Homework Club	All Key Stage 4 GCSE students, (including all PP students); attend extra tuition sessions on Monday after school.	See CASPA data and student survey feedback.	£1000
Home School Liaison Officer	The Home School Liaison Officer, visits 100% of PP families and provides support for them covering a wide range of areas. E.g. Emotional, help with DLA forms, liaising with other professionals, interpreting and teaching basic BSL.	As a result of this work, PP parents can fully access the life of the school and are encouraged to engage in their child's education. At our last parents evening, we had 100% from parents and carers, indicating very good engagement with the school. See parent surveys.	£22,000
Deaf Role Models Conference		Student's wider aspirations were reflected in their careers interviews and college	£1000

		applications and final Post 16 ranged courses chosen which ranged from construction and basic skills to BTEC level 3 in Media and Art at a range of different college provisions.	
Snack Time	All primary children, including Early Years, participate in snack time, accessing healthy snacks and communicating about them. S< and teacher/support).	The feedback from professionals is that this is an invaluable part of the children's day, enabling them to relax and learn good social skills at the table as well as healthy nutritional choices.	£1000
KAOS Choir	A truly inclusive choir for deaf and hearing children which uses sign language and singing in all its performances. Our children attend weekly workshops with their hearing peers and participate in a number of exciting performances in and around London.	Children gained in confidence. Particularly in positive communication between deaf and hearing children. Give children a love of music. Students have had a variety of opportunities to perform at prestigious venues such as The Royal Albert Hall, the opening ceremony of the Olympic Games.	£805
Home Cooking course	All secondary PP pupils and others, take part in Home Cooking. The ingredients are free to the students.	Pupils developed independence skills and how to make healthy choices, including planning and cooking a lunch menu for staff.	£1000
Music workshops at primary	A variety of musical workshops from whole school accessibility to individual weekly lessons, take place.	Children, including those on PP, were able to see that deafness was not a barrier to music.	£500

	E.g. All the children took part in a three day music project 'Feel the Music' in partnership with the Mahler Orchestra and Music for the Deaf organisation.		
Residential trips: Tolmers Trip	Y4 children have the opportunity to do a 3 day residential trip with our partner school. Opportunities for adventurous activities, developing independence and facilitating communication and positive relationships.	Children develop independence skills and challenges their perceptions and stereotypes of what they can do as deaf children.	£500
Residential trips: Swiss international football trip, sponsored by Arsenal	A group of secondary BN pupils went on a five day tournament to Switzerland to play football with other students from different countries, all of whom have a disability.	All students had a brilliant time. Students and staff did a presentation to assembly and our school governors, detailing the highs of their trip.	£500
'The Big Draw'	All secondary pupils and staff took part in this event, developing art and creative skills.	Feedback was uniformly positive and students gained new skills. E.g., creating a giant hippo!	£500
Workshops for Parents	All PP students' parents/carers were invited to attend a series of workshops on school engagement, including how to best support your child at home. Topics included: E Safety for parents	Parents more confident about helping with homework and therefore good progress in Maths. (CASPA)	£500

	<p>and how to keep children safe on social media, How to use My Maths and Ixcel Maths software at home.</p> <p>The BSL Inspiration Evening, to promote the importance of learning BSL as parents and carers to support communication and develop a positive Deaf identity</p>		
BSL Classes for parents/carers	The school runs a weekly class for parents and the wider community, to encourage good communication at home. This is taught by our Senior Deaf Instructor.	Parents and carers are actively encouraged to learn BSL where needed.	£6.900
Whole School Day Trips and Visits (Including transition trip to the Transport Museum for Year 6)	<p>All secondary students took part in a boat trip down the River Thames for a picnic by the river. All PP students went free.</p> <p>On 10th November, all secondary students and staff visited the WW1 Centenary memorial at the Tower of London. All PP students went free.</p>	All pupils enjoyed the trips and fully engaged with the school. Pupils gained confidence in using public transport. This helped with their independence training which was supported by the Speech and Language tea.	£250
Forest Schools	Children in KS1 access regular Forest School sessions with their mainstream peers.	Children develop independence, resilience and extending their learning beyond the	£250

		classroom as well as fostering a love and respect for nature. A lot of work on social skills and boundaries as well as integration	
In year admissions	Baseline assessment including communication profile. Appropriate strategy/intervention was identified	New students were inducted quickly and effectively into the school cohort and the correct provision helped the each pupil to make good or better progress.	£280
