

Blanche Nevile School

Prospective Governors

A chance to make a big difference

We have two spaces on the Governing Body for co-opted governors. Being a governor is an exciting opportunity to inform the strategy of the school through providing both a high level of support as well as a high level of challenge to its management team – ensuring the school provides the best education possible for its students so they realise their full potential.

Who we are looking for

We are very fortunate to already have a broad range of skills and experience on our governing body, however, we are looking to strengthen our collective skills and experience in governance and special education needs as well as ensuring the governing body represents our students and the community we serve. That means we're especially interested in people from the deaf community and/or those who work (or have worked) in education.

What being a governor is all about

You can find out more about us and being a governor on our [governors section](#). We are proud to have high standards in our existing governors. We are all committed to putting in the time, effort and training needed, including visiting the school at least once a term. You don't have to have been a governor before – the existing governors will support you, as will the school staff along with excellent training from Haringey Education Partnership.

How to express an interest

If you are interested in becoming a governor then please do feel free to get in touch with the school office. They will put you in touch with Richard Bartholomey (Chair of Governors) or Geraldine Santiago (Headteacher) who will be delighted to talk to you.
